- Online Job Booking, Status and POD's via our website [www.csellis.co.uk](http://www.csellis.co.uk)
- Handball at delivery point
- Tail lift deliveries
- All pallets are scanned and photographed at our Birmingham hub for security purposes

**C S Ellis is a proud member of Palletline having joined in 1994. Palletline is the UK's leading distribution network for palletised goods and is the only pallet system that is 100% member owned.**

The Palletline system enables us to offer our customer overnight deliveries anywhere in the UK, for mainly small consignments of palletised goods. There are nearly 100 Palletline depots in the UK, all who work together to provide a reliable and cost effective service for single or multiple pallet consignments. Here at C S Ellis we collect from and deliver to all the LE postcodes as well as NN17, NN18 and CV11-13.

The Palletline network uses a state of the art scanning system which is able to locate exactly where the consignment has passed throughout its journey and is available for each and every driver to use. This provides us, and you, with real-time pallet

tracking from the collection point right the way through to delivery, via digital signature capture, enabling us to constantly track your pallet wherever it may be in the UK and provide you with real time pallet tracking and online POD's.

For more information about the Palletline system, or to book a delivery – please contact the team on 01780 720133.
