

WAREHOUSING

WAREHOUSING

With over half a million sq ft of Storage and Warehousing throughout the East Midlands, all equipped with full pallet traceability and online stock control across all of our sites; we pride ourselves in offering unique solutions to fit each of our customer's needs.

Our warehouse facilities provide secure storage through state of the art alarm systems, CCTV, automated electronic gates and around the clock security.

Your stock is controlled through high quality warehouse management software using radio frequency bar code tracking. KPI and Stock reports can be tailored for individual customer requirements and are available online.

Our 3PL service can be of great benefit to you and your customer base. We can manage the whole supply chain for you; from inbound freight management to warehousing, order fulfilment and finally distribution to your customers.

So whatever your storage or order fulfilment needs – C S Ellis can create the supply chain solution for you including:

- Storage configured to your requirements racked & block stack capabilities
- Shared user/dedicated solutions
- Secure external storage facilities
- Container handling
- Order picking & packing
- E-commerce order fulfilment
- Rework & added value services
- Manufacturing & upfit
- Inventory management
