Quality Policy Statement

C S Ellis Logistics Limited recognises that concern for product safety, and quality is an integral and fundamental part of our business.

We are aware that some of our operations have an impact on product safety, quality and are fully committed at every level of the organisation in achieving continuous improvement in our performance and wherever possible improving quality and safety.

It is essential that we accurately hold customer stock.

The company undertakes to implement, manage, and maintain a management system that is compliant to BRCGS for Storage and Distribution.

The Scope of operation is "The Storage and Distribution (via own & customer arranged transport) of ambient Food Products, Packaging Materials, customer and Consumer Products in Warehouse 5b and 6, South Luffenham site."

Our practices and procedures as part of this management system include:

- *Adherence to the British Retail Consortium standard for Storage and Distribution*
- *We are committed to ensuring that our organisation provides safe and legal products and are compliant to applicable regulations, legislation and other requirements, including customers*

To ensure that our management system remains effective and our objectives achieved, we set and measure ourselves against quality objectives, auditing our management system at regular internal audits and review, both of which are formally discussed at management level.

As Managing Director, I take full responsibility to ensure that this policy is communicated and implemented throughout the organisation. This will be achieved during the induction, on-going training and its understanding is verified during internal audits of our management system.
